

# Northeast Ohio Infectious Diseases Roundtable

The continued development of novel antimicrobials provides us with potential new weapons in our armamentarium for emerging infectious diseases. Decisions regarding additions of these new agents to our hospital formularies are challenging particularly in view of their costs and the constant evolution of antimicrobial resistance. In addition, we continue to be challenged by changes in the epidemiology, pathogenesis, and approaches to diagnosis and management of infectious diseases. We host a quarterly regional program entitled "Northeast Ohio Infectious Diseases Roundtable" to stimulate discussion about new available antibiotics and emerging infectious diseases. This program is intended for Infectious Diseases Physicians and Pharmacists, but all healthcare professionals are invited.

Tuition is free, but limited to seating capacity. Attendance is by pre-registration only. **REGISTRATIONS WILL NOT BE ACCEPTED THE DAY OF THE CONFERENCE.**

To register call the Case CME Program at 216-844-5050.

## LOCATION

Hilton Garden Inn  
1100 Carnegie Avenue  
Cleveland, Ohio 44115

## PROGRAM AGENDA

5:30-6:00 pm Registration and Reception  
6:00-6:45 pm Dinner
